“QUALIFIED” IMMIGRANTS

  See resource materials for list of statuses.

Immigrant Eligibility for Medicaid, MIChild and MOMS

EXCEPTIONS to general rule (must be in a “qualified” status and must wait at least five years):

- Refugees, trafficking survivors, and other humanitarian immigrants, veterans/military families – no 5-year wait
- ICHIA (CHIPRA) option – “lawfully residing” kids and pregnant women can be made eligible by states but Michigan has enacted this for MIChild
- Emergency Medicaid – regardless of status
- Maternity Outpatient Medical Services (MOMS) program covers prenatal care for pregnant women noncitizens who are eligible for Emergency Medicaid
Not-qualified Immigrants

EVERYONE ELSE

- Any immigrant whose status is not on the “qualified” list is “not qualified,” even if work-authorized.

- State variation – eligible for Medicaid in some states (e.g. NY, CA) but not Michigan

See resource materials
Small (business) Health Options Program (SHOP)

- Different rules apply to SHOP Marketplace vs. individual Marketplace.
- No verification of immigration status for SHOP; employer already screens for authorization to work at hire.
- Employer may offer a family policy to its employees.
- SHOP must comply with ACA privacy requirements.

BARRIERS TO ENROLLMENT & Tips for Breaking them Down
Concerns about applying / enrolling

- Confusion about eligibility
- Privacy and confidentiality
- Verification and documentation
  Immigration status, Social Security number (SSN), Income, Identity, State residency
- Public charge
- Effect on sponsor
- Linguistic competence
- Hostility and discrimination

Confusion about eligibility rules

- Emphasize that a citizen or lawfully-present child or adult will still be eligible even when other family members are not. Generally, it is safe for an ineligible family member to apply for those who are eligible.
- Have immigrant-specific resource materials handy, in English and in multiple languages for consumers.
- Identify advocates in the community and Marketplace with knowledge of immigrant eligibility. (ACCESS!)
- Keep a record of immigration-related problems and share with MIRC and/or state and federal civil rights and health policy officials.
Privacy and confidentiality (1 of 4)

- Questions: If I go to the health care agency to apply, will the agency find out that my (spouse or parent or child) is undocumented? Will the agency report my undocumented family member to immigration authorities?
- Answer: ACA and its regulations include strong protections for personally identifiable information; some privacy provisions were written to encourage participation of mixed-status immigrant families
- 10/25/13 ICE Statement: “Clarification of Existing Practices Related to Certain Health Care Information”
  [Link](http://www.ice.gov/doclib/ero-outreach/pdf/ice-aca-memo.pdf)

Privacy and confidentiality (2)

- Agencies must not ask about citizenship or immigration status of anyone in the family except those applying for coverage.
- Agencies must ask for SSN of non-applicant IF –
  - the non-applicant has an SSN, AND
  - the family is applying for help with costs, AND
  - the non-applicant is the taxfiler for the household.
  If no SSN, the agency must proceed with the application and a determination of eligibility.
Privacy and confidentiality (3)

- Agencies must allow a person to decline to provide information about their own SSN (e.g. if s/he doesn’t have one) or immigration status, and must assure application filers that eligibility of other family members will not be affected.
- Agencies can collect, use, or disclose personally-identifiable information ONLY for eligibility and enrollment purposes.

Privacy and confidentiality (4)

- The Marketplaces, Medicaid and CHIP agencies must require their employees and contractors to follow rules protecting privacy.
- Contractors include
  - QHP issuers
  - Navigators
  - Certified application counselors
  - Agents
  - Brokers
Verification of immigration status

- Agencies verify immigration status through the Systematic Alien Verification for Entitlements (SAVE) program of U.S. Department of Homeland Security (DHS)
  - used only to verify the status of applicant family members (not ineligible immigrants)
  - used only to verify status for benefits eligibility purposes (not to enforce immigration laws)
- At times, SAVE cannot verify status quickly. Agencies cannot delay health insurance once immigrant presents satisfactory documentation of status.

Verification of SSN

- Applicants must provide SSN ... *if* they have one
- Non-applicants must provide SSN ... *if* s/he has one, is the taxfiler, AND is applying for help with costs
- Agencies must provide assistance in obtaining SSN if needed/requested
  - “Non-work SSN” may be issued if needed solely for health care/other benefits
- Agencies verify SSNs through SSA
  - Naturalized citizens statistically encounter more delays than native-born citizens.
  - Individuals should provide only SSNs issued to them by SSA
Verification of identity, income, residency

When not verified by federal hub:
FLEXIBILITY is key
Allow for circumstances often faced by immigrant families:
- Work in the informal economy
- File income taxes with ITIN, not SSN
- Mismatch between income doc and tax doc or application
- Identification document that is foreign or lacks photo

Regulations prohibit agencies from using immigration document alone to verify state residency

Public charge

- Question: if I or my family member applies for Medicaid or for help with costs of coverage, will immigration authorities deny our application for a green card or citizenship?

- Answer: Medicaid, CHIP, and Marketplace subsidies are not considered in screening green card applicants for public charge.
  - Medicaid exception: long-term institutionalization.
  - Public charge is not applicable when applying for citizenship.

See resource materials
Effect on immigrant sponsor

- Concern of sponsored immigrants: enrolling in Medicaid/MIChild may make my sponsor liable for the cost of my coverage

- The law allows states, but does not require them, to seek some reimbursement from sponsors, but state studies show the process is not cost-effective.

Discrimination

- Discrimination based on race, ethnicity, and national origin, including language spoken, is prohibited by Title VI of the Civil Rights Act and ACA Section 1557

- Applies to all entities receiving federal financial assistance: consumer assisters, clinics, hospitals, insurers, Marketplace agencies, Medicaid and CHIP agencies, contractors, HMOs, others

- Applications, processes and procedures that have a chilling effect -- deterring eligible immigrants from applying -- may violate Title VI and ACA Sec. 1557
Language services

- Agencies must provide meaningful access of limited-English proficient individuals to all programs receiving federal assistance
- Agencies must provide free oral interpretation services and translate key documents into top languages.
- Assisters should learn which languages predominate
- Call center (1-800-318-2596) can connect to language lines for immediate interpretation into 150 languages.

Hospitality, not hostility

- Immigration enforcement authorities cannot enter into private areas of public facilities such as medical clinics without consent or a warrant.
- See ICE policy on Enforcement at or Focused on Sensitive Locations, which includes “hospitals” and similar locations: https://www.ice.gov/doclib/ero-outreach/pdf/10029.2-policy.pdf
